"Here is a pic of our new kitchen. I think it turned out great! The realtors say it will sell the house!!!! Thanks again all, Pam"

"I am happy to recommend Oneil Cabinets (mine were Oneil Classic) for your cabinet purchase for the following reasons:1. Quality: 2. Beautiful: Absolutely gorgeous. 3. Service: Most important. I look for the three "R"s, responsible, reliable and reasonable. They get all three. Oneil Cabinets (Beshell, Ana, etc) were extremely prompt, courteous, friendly and so helpful to someone who had not done this before. Other places took days, weeks to get me drawings and prices. Oneil took a few hours. And upon completion, I received my cabinets in one week. They always email me almost immediately with my many questions.4. Problem solving: They are a great company with a great product. I love, love, love my cabinets, and can't wait to move into my house to fill them and use them. I will order from them again when my daughter and son-in-law can remodel their kitchen, and my parents can redo their bath.Any questions, please email.Best of luck with your kitchen. Be patient. It is a long slow process, but worth it.Kind regards, Mary Ann Pepper"

"Please submit my kitchen for your favorite kitchen. It's not much but the cabinets make the kitchen. We did it all by ourselves. Warm regards, Stacy Miller"
